

Custom Designed Websites

Your Portal To Success!

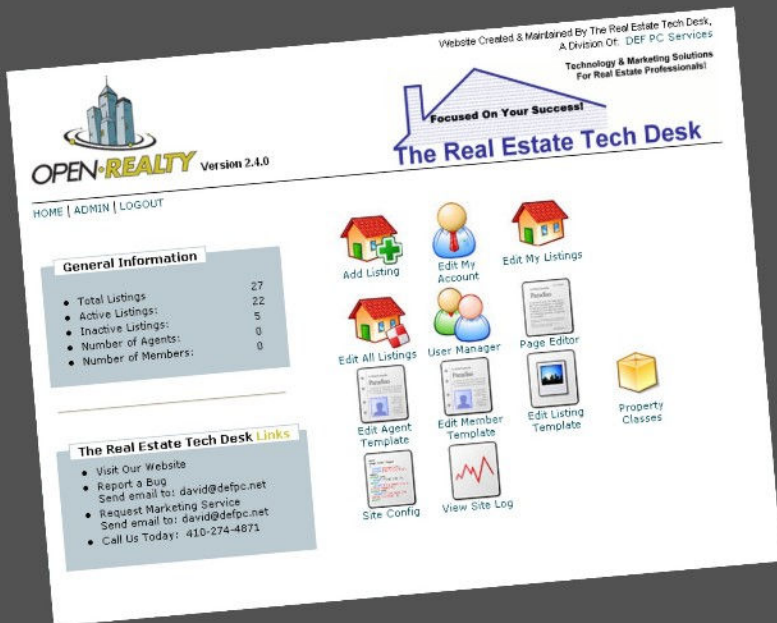

ALL SITES NOW FEATURE OUR EXCLUSIVE BACKEND SYSTEM!

OUR FEATURES:

- * Each website is custom designed - tailored to you & your client's needs.*
- * Our sites are optimized for search engines.*
- * Website usage reports are emailed to you - daily, weekly or monthly.*
- * Engage Buyers - They can sort your listings by multiple categories, view a ton of information for each of your listings: neighborhood & school profiles, mortgage calculators, maps and more are generated for each listing.*
- * Any information you choose can be available on your site, or choose from our selection of buyer & seller info.*
- * Your choice of over 20 financial calculators are available.*
- * Unlimited listing photos are allowed for each listing.*
- * Featured listings randomly change on the main page.*
- * 100 email addresses available on your site (you@yoursite.com).*
- * Tons of options, unlimited amount of info allowed on your site!*
- * Excellent support!*

ALL SITES NOW FEATURE OUR CUSTOM BACKEND SYSTEM!

Customized Backend System:

Each of our new websites feature our CUSTOMIZED backend system! Allowing you to add, edit & delete listings, along with adding & deleting photos for your listings. Another great feature allows your to change the content on your website that is as easy as working in a MS Word Document! Simply type your text, add photos, links & more, then press the submit button, and its DONE!

IDX - MLS Search Capabilities:

There are many options to allow your clients to search! Re/Max agents can tap into Leadstreet (Branded for you), Coldwell Banker Agents can tap into their brokers site - most agents have a branded search page, among other options for other agents!

We recommend using WOLFNET's IDX System! This IDX search is built into your custom website allowing your clients to save searches, among other items. They also have a MAP searching capability in most markets! Their pricing is competitive with other providers. Keller Williams agents already PAY for this service through their TECH FEE'S. For Pricing for non KW agents, Please see below!

Pricing:

We have a FLAT fee for our Custom Designed Websites!

\$800

* An approximate \$70/year charge is billed directly from the web hosting company to host your website & domain.*

* To Add IDX-MLS Search Capability: We recommend WOLFNET. Pricing information can be provided to you, once we know your service area. Keller Williams agents already pay for this service through your Tech Fee's!
